

## **LOVE YOUR VILLAGE...VOLUNTEER TO HELP SPRUCE UP HOOSICK FALLS**

On your marks, get set, go get your cleaning team together! Or come on your own. Join the many other community members on May 3, 2014 between 9am-12pm and volunteer to help do some spring-cleaning in Hoosick Falls with HAYC3. Everyone is encouraged to help; this annual project attracts more than 150 individuals, groups, churches, schools, businesses, and organizations each year. Besides giving the village a spring spruce-up, you get to meet and spend time with others who care about our village. And, it feels good to do something good. Help tidy up and groom parks, flowerbeds, roadsides, sidewalks, yards, and other community spaces and get them ready for the warm weather that is coming any day now.

If you know of a public or community organization's space that needs help, please let us know. We will make every attempt that it is covered by one of the groups on cleanup day.

Each team, or group of people, will be assigned a specific area to focus on. Meet at the HAYC3 welcome station in Wood Memorial Park at 9am to get your Community Beautification Assignment. Visit [www.hayc3](http://www.hayc3) for more information, or call HAYC3 at 686-9050.
