### **HAYC3 Presents Annual Community Service Award to Lisa Ferrannini**

**Hoosick Falls, N.Y.**--Lisa Ferrannini, HAYC3's 2017 Community Service Award recipient, was honored on Saturday, October 14, 2017 as part of the organization's annual Harvest Dinner event.

The award was presented by Aelish Nealon, Executive Director for HAYC3 who said, "Ms. Nin, as she's widely known, has a heart with a limitless capacity for compassion and caring for all, but especially for kids". So many of our youth have benefited from her positive instruction in the school and on the field. And no matter what the activity or sport she's teaching or coaching, there's one thing she emphasizes: Character. This summer, HAYC3 was thrilled and honored that she shared some of the lessons around character with the youth in our summer program. From inner strength, being a true team player, and leading with kindness, these lessons she shared were engaging and invaluable. Our program was better for her participation and we have no doubt our children are better for her willingness to share her time and wisdom with them."

The HAYC3 Community Service Award is presented each year during the dinner to an individual who exemplifies the spirit of volunteerism in Hoosick Falls.
